I know Rubin has been working very closely with Mike on the "lift and shift".

Sue and Mike,

Last night, Kaufman called Kermit to discuss the following three items:

1. <!--[if !supportLists]--><!--[endif]-->Cardinal wants to know status of their agreement with WAG
2. <!--[if !supportLists]--><!--[endif]-->Cardinal wants to eliminate the CII generic incentive (Kermit wants Mike to follow up with Jeff Foreman on this)
3. <!--[if !supportLists]--><!--[endif]-->Cardinal wants to limit how much CII they will supply to any of our stores based on their algorithms. Kaufman told Kermit that might only be one bottle per store per month per SKU. Probably

an exaggeration. Kaufman also said that they would be obligated to report to the DEA any suspicious ordering that they saw at a Wag store level.

I asked Melissa to get us together at 2:30 PM today to discuss at Kermit's request.

Thanks.

**Be Well,
Reuben**
